Profile

Digital marketer, six years, all of it on consumer brands selling direct. I write my own copy, own the numbers, and prefer channels I can be held accountable for.

Growth Marketer · Kettle & Vine (DTC tea) · 2023–present

- Took the blog from 18,000 sessions a month, flat for fourteen months, to 61,000 in three quarters. Started by killing 40 thin posts and consolidating them into 9 guides, then rebuilt internal linking around them.
- Rebuilt the email programme from a single weekly send into a nine-flow lifecycle. Revenue per subscriber went from ₹41 to ₹138 a year. The winback flow alone brought back ₹22 lakh in FY25.
- Grew Instagram from 9,400 to 47,000 by dropping the daily-post rule and shipping two properly produced Reels a week instead. Saved the designer roughly a day a week.
- Write all the campaign copy myself, emails, landing pages and ads. No agency.
- Ran a monthly one-page read of what moved and what I was changing because of it. Two of those reads led to us cutting paid social entirely.
- Day to day in Ahrefs, GA4, Klaviyo, Search Console and Meta Business Suite.

Marketing Executive · Northbrook Home · 2020–2023

- Owned SEO and email for a home fragrance brand doing about ₹6 crore.
- Built the first abandoned-cart flow, 11% recovery in its first quarter.

Education

BA Economics, Christ University, 2019
