Lifecycle Marketing Manager · Foldwell Coffee · 2021–present

- Rebuilt a dormant email programme into eleven flows. Email went from 6% to 31% of online revenue over eighteen months.
- Grew the blog from 22,000 to 55,000 monthly sessions after a year of no movement, by fixing pagination and rewriting the twelve pages that already ranked on page two.
- Took over Instagram and YouTube Shorts when the social hire left. Followers roughly tripled in a year, though I would credit the product photography as much as anything I did.
- Write everything myself. Klaviyo, GA4, Ahrefs, Search Console daily.

Email Executive · Marlow & Co · 2018–2021

- Weekly sends, segmentation, deliverability clean-up after a domain issue.
- Reported monthly and used it to argue for cutting send frequency, which raised revenue per send by about a fifth.
