EXPERIENCE

Digital Marketing Manager

Saffron & Sage · 2021–present

- Blog had been flat around 25,000 sessions for two years. Rebuilt the category structure and rewrote 15 underperforming pages; it is now at 58,000 and still climbing.
- Built five lifecycle email flows from nothing. Email is now a quarter of online revenue, up from single digits.
- Run Instagram and Pinterest myself, from calendar to captions. Instagram went from 6,000 to 29,000.
- Write every word of it, emails, ads, landing pages.

Marketing Executive

Copperline Retail · 2018–2021

- Owned the monthly performance report. Rewrote it so each section ended with a recommendation; the founder started actually reading it.
- Managed the agency relationship for paid search.
