Profile

Demand generation leader with eight years building pipeline for B2B SaaS. Data-driven, ROI-obsessed, and experienced across the full funnel. Proven track record of scaling programmes and exceeding targets in high-growth environments.

Experience

Head of Demand Generation · Verity Systems · Bengaluru · Jan 2023 – present

- Own a global demand gen number for an enterprise compliance platform. Sourced ■94 crore of qualified pipeline in FY25 against a target of ■72 crore, a 131% attainment.
- Manage an annual programme budget of ■11 crore across paid search, paid social, review sites, syndication, field events and ABM.
- Team of nine: three campaign managers, two ops, two SDR-aligned marketers and a designer. Grew the team from four.
- Ran 26 webinars last year with 14,800 total registrations and an average attendance rate of 38%, well above the 22% industry benchmark.
- Delivered our largest ever presence at SaaSBOOMi with 2,400 booth conversations and 610 scanned leads over three days.
- Cut cost per MQL from ■7,100 to ■3,850 in eighteen months by rebalancing spend away from syndication.
- Rebuilt the lead scoring model in Marketo with the RevOps team. MQL to SQL conversion improved from 14% to 23%.
- Present a pipeline forecast to the exec team monthly and to the board quarterly.
- Own the martech stack budget and vendor negotiations, about ■2.1 crore in annual licence spend.

Demand Generation Manager · Northlake Cloud · Bengaluru · Apr 2020 – Dec 2022

- Built the demand gen function from scratch at a Series B infrastructure company. First marketing hire after the CMO.
- Scaled inbound from 40 to 310 MQLs a month over eleven quarters.
- Ran the paid programme, peaking at ■45 lakh a month across Google, LinkedIn and G2. Maintained blended CAC payback under fourteen months.
- Launched an account-based programme targeting 180 named accounts, which produced ■28 crore of pipeline in its first year.
- Managed the agency relationship for SEO and content. They produced roughly eight posts a month and reported traffic to me; I reviewed the numbers but did not do the work.
- Owned the nurture streams in Marketo, mostly built by the agency to my brief. I approved the copy rather than writing it.
- Sponsored and staffed nine industry events including two we hosted.

Marketing Programmes Specialist · Halcyon Data · Chennai · Sep 2017 – Mar 2020

- Campaign execution across email, paid and events for an analytics vendor.
- Executed 140+ campaigns over two and a half years with a 96% on-time delivery rate.
- Coordinated a 12-city roadshow reaching 3,100 attendees.
- Supported the social team by scheduling posts during launch weeks.
- Maintained the marketing calendar for a team of fourteen.
